- Participated in the HackForage Hackathon, Coimbatore.
- Ranked among the Top 50 teams in the Google Developer Hackathon at RMK Engineering College.

About Me

I'm Gayathri S, a Computer Science and Engineering student passionate about solving real-world problems through technology. Skilled in full-stack development, mobile app development, AI/ML, and cloud computing. Eager to apply technical knowledge through projects, internships, and collaborative problem-solving.

Experience

Mobile App Developer 2026 - Present

Jorim Technology Solutions Pvt Ltd

Developed responsive mobile applications using Flutter and collaborated on feature implementation, testing, and performance optimization.
Focused on creating efficient, scalable, and high-performance solutions through hands-on development

Projects

Chatbot for College Queries

- Developed a chatbot to answer student queries related to academics and campus information.
- Provided quick and accurate responses through an easy-to-use interface.

EduTech – Offline Learning Platform

- EduTech – Offline Learning Platform: Built an offline learning app with local content storage and progress tracking

AI-Based UFDR Analysis Tool

- Built an AI-powered tool for analyzing digital forensic reports.
- Enabled quick evidence retrieval through natural language search.
